METHOD Agency is: Online Marketing. Social Media. Strategy. Content Creation. Influencer Outreach.

WE ARE METHOD: Hi! We're Bekah and Nikki. We've created online marketing campaigns for movies and TV, run the online profiles of tech giants and authors and participated in online marketing for major pop culture fandoms. Social Media is our job *and* our passion.

WHAT MAKES US DIFFERENT? When you take marketing professionals and add in our experience with fandoms you get us: We are fans. We are insiders. We watch movies. We're pop culture junkies. We are a part of the communities that brands are looking to reach. We've been pitched to but we've also done the pitching, and we're here to help take you to the next level.
