

Social Media Photographer / Videographer

January, 2021

Description:

Position: This is a Freelance and contract position. Compensation will be \$500/month.

We are looking for a social media photographer/videographer to partner with for a client in the beverage industry. The ideal candidate would be able to shoot outdoor lifestyle shots and short videos with the product and include people (think picnic in the park, camping photos, a beach day etc.!) Due to COVID, we ask that the photographer take the proper precautions and shoot with smaller groups within your bubble.

Our team can provide themes for the photoshoot or brainstorm ideas with you. We'll provide product and have a small budget for props. We are requesting 20-30 edited photos. We are looking to build a relationship for ongoing monthly shoots similar to this. This first shoot will be a test for all involved to make sure it's a fit!

Photographer must be US based and 21 or older. If interested, please apply on our website: <https://methodagency.com/careers/>, and include links to your portfolio and experience.

Photography

- Come up with ideas for lifestyle shoots and/or brainstorm with our team
- Shoot lifestyle photos featuring the product and people
 - Covid-friendly shoots (Small, safe shooting practices)
- Provide 20-30 edited photos

Videography

While not required, a candidate who can shoot both still photos and video clips for social media is preferred.

- Come up with ideas for lifestyle shoots and/or brainstorm with our team
- Shoot lifestyle videos featuring the product and people
 - Covid-friendly shoots (Small, safe shooting practices)
- Create 2-5 videos per months - Vertical (Story) or Horizontal sizing - short, social media ready clips preferred
